Aman Sharma

Tech Entrepreneur | Data Analyst | Backend Developer | GitHub
Collaborator | Solving Real-World Problems with Data & Code
Bareilly, Uttar Pradesh, India

Summary

Hi, I'm Aman Sharma, an Data Analyst, Backend Developer and Tech Entrepreneur, currently I pursuing -BS Degree in Data Science and Applications from IIT Madras and-B. Tech in CSE specialization in AI and Machine Learning from Sanskriti University, Mathura. I'm passionate about leveraging data, code, and technology to solve real-world business problems and build impactful, scalable solutions. My interests lie in Data Science, Machine Learning, and Data Analytics, where I focus on turning raw data into meaningful insights and actionable outcomes. I actively collaborate on GitHub, gaining hands-on experience in teamwork, version control, and real-world development workflows. I believe in using data and code not just for analysis, but for creating solutions that drive innovation and impact businesses and society. Skills: Python, SQL (MySQL), Flask, Power BI, Excel and Node.js. Interests: Data Science, Machine Learning, Backend Development and Tech Innovation. -Dream big. Work smart. Stay humble-Passionate about learning & innovation-Creating own path-One step at a time. I'm always open to collaboration, learning, and building innovative solutions. Thank You very much, Hare Krishna
